Service Fee: Receiving, consolidation, and warehousing, (if required) will be negotiated with the customer on a job by job basis.

CLAIMS AND WARRANTIES

New England Woodcraft's merchandise is warrantied to be free from defects in material and workmanship for a period of **five years** from the date of delivery. Our solid wood merchandise has an extended warranty of **ten years** from date of delivery to be free from defects in material and workmanship. New England Woodcraft's warranty does not apply to goods damaged in transit or abuse caused by the product user. In the event of a warranty claim, our sole liability shall be the repair or replacement of parts, necessary adjustments and other repairs required to maintain the product in proper working order. Manufacturers of upholstery fabrics do not guarantee their materials for wearing quality or color fastness, so we are unable to guarantee the fabric or fill materials for our upholstered goods. Due to natural wood variations, wood furniture is sold subject to minor variations or irregularities of color, surface grain, or texture.

Furniture is shipped at the purchaser's own risk after it has been carefully inspected and packed. It is accepted as such by the carrier, recipient should inspect it carefully. Any loss or damage should be noted on delivery receipt and claims filed immediately with the carrier. All other adjustments will be considered only if filed with us in writing within five (5) days after arrival of shipment. Merchandise will not be accepted for return unless previously approved by us in writing. Prices do not include packaging, crating, uncrating, storage, installation, or sales taxes.

THERE IS NO OTHER EXPRESS WARRANTY. SELLER HEREBY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE INDICATED BY BUYER TO SELLER.

IT IS EXPRESSLY AGREED THAT THIS REMEDY OF REPAIR, REPLACEMENT OR CREDIT, AT SELLER'S OPTION, IS BUYERS EXCLUSIVE REMEDY UNDER THIS WARRANTY. IN NO EVENT SHALL SELLER BE LIABLE FOR CONSEQUENTIAL DAMAGES.

Any written warranties on items furnished by New England Woodcraft but not manufactured by our company will be assigned to the buyer. However, New England Woodcraft does not adopt and does not guarantee or represent that the manufacturer will comply with any of the terms of the warranty of such manufacturer.

NOTE: Prices do not include cartoning of product. If items must be cartoned or packed suitable for domestic service shipment, please add 6% to the Net Item price. Add the suffix (C) to the item number or code for a cartoned shipment. Export packing charges are available on request.

If the customer is unwilling or unable to accept delivery when the order is ready for shipment, we reserve the right to invoice as of the said date and store the furniture at the customer's risk and expense.

Orders can be cancelled up to the time raw materials are ordered. A \$1000.00 cancellation fee will be charged. Due to the fact that our furniture is produced when ordered, we cannot accept returns for reasons other than warranty claims.

FURNITURE - GENERAL QUALITY CONSTRUCTION FOR CASEGOODS

1. **SOLID WOOD:** Lumber shall be kiln dried, plain sawn Red Oak, Northern Hard Maple, Cherry, or Birch. Laminations consist of planks no less than 3/4 inch, no more than 4 inches in width. No splices, loose knots, torn grain, checks, snakes, splits, cracks or defects of any kind shall be permitted. LAMINATION: Planks shall be edge-glued using Franklin Titebond regular or imperial aliphatic resin glue. The glue joint shall be stronger than the wood itself. Moisture content at time of assembly shall be kept between 5% and 7% inclusive. All joints shall be true and tight and securely glued in place. Surface of joints must fit accurately with no openings or splintering. Joints shall have 100% glue coverage. No starved joints will be allowed. Excess glue shall be neatly and thoroughly cleaned from all surfaces exposed to view.

2. **PLYWOOD VENEER PANELS:** Full veneers are selected plain-sliced natural wood veneers. Composition boards utilized: Particle board Specification ANSI A208. 1 - 1979. Hardboard-product standard P558-73. Chipcore 42 lbs density TFI Manufacturing specification. Fiberboard ANSI A208.2-1980 3/8" – 48 lbs density. Hardwood Plywood US Department of Commerce Standard PS-51 -71. Type II.

3. **HIGH PRESSURE PLASTIC LAMINATE:** Plastic Laminate shall be a minimum of .02 with a typical thickness of .031 laid up on our industrial grade particle board. Plastic Laminate is also available laid up on veneer core plywood. Color to be selected from manufacturer's standard high pressure plastic laminate colors.

4. **DRAWER CONSTRUCTION:** On all drawer sides we use a 7/16" thick 5 ply finished hardwood veneer plywood. The drawer bottoms are made from 1/4" thick hardboard. All drawers are assembled with old-fashioned finger dovetail joints which is still the best drawer construction today. The drawers run on side-mounted heavy duty metal tracking with 75 lb test load capacity and come with drawer stops. The drawer fronts can be changed so they can be removed easily if one gets damaged. (See General Construction Features).

5. **INTERNAL CONSTRUCTION:** The interior framing inside the furniture items consists of a 4 sided hardwood frame at every drawer level. Each frame is lap jointed, glued and then stapled in all four corners. Each frame is then screwed to the interior cabinet sides. The base and top are also screwed to the interior framing of the cabinet. This type of frame construction allows one to change a side or top panel if the piece is damaged. All cabinets have reinforcing corner blocks glued and screwed into the corner of the base. (See General Construction Features).

6. **FINISHING:** Finish materials are of the best quality to give a hard, durable, smooth liquid resistant finish. All surfaces exposed to view in normal use are smoothly machined and sanded. The application of our finishing materials is controlled to produce items of a uniform, smooth quality appearance. Finishes are UV cured urethane and/or water base acrylic. *Our finishing process is environmentally friendly and emits no V.O.C.'s (Volatile Organic Compounds) into the atmosphere.* There is a 10% upcharge for staining – add suffix (STA).

***NOTE:** Our construction methods allow us to build to your specifications. Variations in dimensions, styles, and stain colors are all possible. Approved deviations from standard sizes will be offered at no additional cost to the customer.

BEDS:

All beds are constructed from Northern Red Oak or Birch (Maple & Cherry available for a 20% upcharge) and are available in three sizes: regular twin size (38" x 76") or long-boy sizes (36" x 80"), (38" x 80"). (Maple, Birch and Cherry are also available.) Bed mattress platforms are steel no-sag spring assemblies. All Bunkbeds have passed the Federal Government Performance Test requirements and the underbed storage drawer test.

CASEGOODS - DESKS - BOOKCASES

All chests, desks, and nightstands are manufactured utilizing several different types of materials and panel edge treatments. All chests, desks and nightstands are available in Solid Northern Oak, Solid Birch, Solid Maple (20% Upcharge), or Solid Cherry (20% Upcharge), natural wood veneers, high pressure plastic laminate or any combination.

All casegoods, beds, wall units and wardrobes in our dormitory line come in a durable natural finish. There is a 10% upcharge for staining (STA). Please call for final quote.

All high pressure plastic laminate top panel edges are edgebanded in 1/4" thick or 3/8" thick solid hardwood. 3mm thick PVC edgeband is also available. Dentil molding is available for a 10% upcharge - Add Prefix "D".

All casegoods are also available with an (MTM) "**Metal To Metal**" option in order to meet unique requirements. This method of construction utilizes metal studs and metal cam-locks to hold joints together and facilitate replacement of parts. Please use the suffix **(MTM)** in order to denote this Metal To Metal option. There is an upcharge of 9% for the MTM option.

Regardless of the type of material and edgebanding used, we utilize the same internal solid hardwood framing, corner blocks and finger dovetail drawer construction which sets our furniture above all others in durability.

TYPES OF CASEGOOD MATERIAL CONSTRUCTION

V-1: All exterior panels are made up of natural hardwood veneers on a stable fiber-core center panel (not particle board) or a plywood core center panel. Drawer fronts are solid hardwood. All veneer panel edges are edgebanded in a matching natural veneer. Tops are made of high pressure plastic laminate with 3mm pvc edgebanding.

V-2: All exterior panels are made up of natural hardwood veneers on a plywood core center panel. Drawer fronts are solid hardwood. All veneer panel edges are edgebanded in a matching natural veneer. Tops are made of high pressure plastic laminate with solid hardwood internal edgebanding.

O-1: All exterior panels and drawer fronts, are made of solid hardwood. The tops are made of high pressure plastic laminate with 3mm pvc edgebanding.

O-2: All exterior panels and drawer fronts, are made of solid hardwood. The tops are made of high pressure plastic laminate with solid hardwood internal edgebanding.

NOTE: All casegoods are available with finished backs.

NOTE: Casegoods are available with solid wood face frames for an upcharge of 15%, use suffix (FF) to denote this type of construction. Doors and drawer fronts are recessed flush with the face frame.

WARDROBES

The high pressure plastic laminate tops, hardwood interior construction and the finger dovetail drawer assembly is the best construction available and is clearly explained in our general specifications. The exterior cabinet sides, shelves, doors and drawer fronts are available in plain sliced natural wood veneer, a high pressure plastic laminate or Solid Northern Red Oak or Birch. An upgrade to natural Cherry or Maple is available for a 20% upcharge, Add Prefix (CH) for cherry and (MA) for Maple.

All wardrobes are also available with an (MTM) **"Metal To Metal"** option in order to meet unique requirements. This method of construction utilizes metal studs and metal cam-locks to hold joints together and facilitate replacement of parts. Please use the suffix **(MTM)** in order to denote this Metal To Metal option. There is an upcharge of 9% for the MTM option.

All wardrobes are available with Solid Oak door pulls, locks, towel bars, robe hooks, mirrors and center partitions. There is NO UPCHARGE for full length doors – use suffix (FD).

WALL UNITS

The Wall Units and associated items offer a complete line of space efficient furniture to fit different space requirements in the guest room, bedroom, and dormitory markets. The vertical storage units are styled to match and coordinate with our dormitory furniture. The high pressure plastic laminate tops, hardwood interior construction and the finger dovetail drawer assembly is the best construction available and is clearly explained in our general specifications. The exterior cabinet sides, shelves, doors and drawer fronts are available in plain sliced natural wood veneer, a high pressure plastic laminate or Solid Northern Red Oak or Birch. An upgrade to natural Cherry or Maple is available for a 20% upcharge, add prefix (CH) for Cherry and (MA) for Maple. All casegoods are also available with an (MTM) "**Metal To Metal**" option in order to meet unique requirements. This method of construction utilizes metal studs and metal cam-locks to hold joints together and facilitate replacement of parts. Please use the suffix **(MTM)** in order to denote this Metal To Metal option.

TABLES

All table tops are either plastic laminate or solid red oak. Plastic laminate tops have either a pvc or solid red oak edge treatment.

TYPES OF TABLE TOP CONSTRUCTION

THP-2: Tops made of high pressure plastic laminate on a 1 1/8" thick high density particle board center panel (plycore substrate available). Exterior panel edges are edgebanded with 3mm PVC edgebanding on square or rectangular tables and PVC T-Moulding on circular tables.

THP-3: Tops made of high pressure plastic laminate on a 1 1/8" thick high density particle board center panel (plycore substrate available). Exterior panel edges are edgebanded with solid red oak.

TO3: Tops made from 1 1/4" thick solid Northern Red Oak. Table edges are full bullnosed.

TYPES OF TABLE BASE CONSTRUCTION

STUDY TABLE (ST): A sturdy table with (4) 2" square legs and a 4" Wide apron.

TRESTLE BASE (TB): A table that allows more sitting space without straddling a leg.

PEDESTAL BASE - Wood (WB): A wooden base allowing more leg room.

PEDESTAL BASE - Metal (MB): A strong metal base.

NOTE: All tables can be manufactured using any combination of top and base.

2500 SERIES

The 2500 Series of furniture is available for the guest room, bedroom and dormitory markets. The high pressure plastic laminate tops, hardwood interior framing and finger-dovetail drawer assembly is the best construction available and is clearly explained in the General Specifications. There is a 3/4" thick radiused solid oak molding around the exterior cabinet edges and sides. This protects the edges from bumps and also gives the unit a softer rounded look. All Drawer fronts are solid oak with the exterior cabinet sides, doors and shelves made from plain sliced natural oak veneers on a fiber core. There is a 10% upcharge for staining. This line of furniture is available with a wood veneer core center panel for an upcharge of 12% on the prices listed below (specify option using suffix 'A'). Some items are available in Solid Wood for an upcharge. All casegoods are also available with an (MTM) "Metal To Metal" option in order to meet unique requirements. This method of construction utilizes metal studs and metal cam-locks to hold joints together and facilitate replacement of parts. Please use the suffix (MTM) in order to denote this Metal To Metal option. There is an upcharge of 9% for the MTM option. The #2500 series in grade A is also available with 1 1/2" wide solid wood face frame construction. Doors and drawer fronts are recessed flush with the face front. Use the suffix (FF) to denote this type of construction. There is an upcharge of 15% for the face frame option.

#2800 TRADITIONAL SERIES

A simple clean traditional line of furniture is available for the guest room, bedroom and dormitory markets. The solid oak drawer fronts, high pressure plastic laminate tops, hardwood interior framing, and finger-dovetail drawer assembly is the best construction available and is clearly explained in the General Specifications. There is a 3/4" thick solid oak molding around the exterior cabinet edges and Oak veneer MDF sides. This line of furniture is also available with a wood veneer core center panel for an upcharge of 12% on the prices listed below (specify this option using suffix 'A'). Some items are available in Solid Wood for an upcharge. Pieces are finished naturally or stained in one of our standard stains. There is a 10% upcharge for staining. All casegoods are also available with an (MTM) "Metal To Metal" option in order to meet unique requirements. This method of construction utilizes metal studs and metal cam-locks to hold joints together and facilitate replacement of parts. Please use the suffix (MTM) in order to denote this Metal To Metal option. There is an upcharge of 9% for the MTM option. The #2800 series in grade A, is also available with 1 1/2" wide solid wood face frame construction. Doors and drawer fronts are recessed flush with the face front. Use the prefix (FF) to denote this type of construction. There is an upcharge of 15% for the face frame option.

LOUNGE FURNITURE

All upholstered items are priced with fabrics from New England Woodcraft standard fabric cards. All fabrics are 100 percent Olefin with Teflon soil and stain.

Lounge pieces with exposed wood ends are constructed of solid Northern Red Oak. Northern Hard Maple is available upon request at an additional up-charge. These pieces are finished in a durable natural finish (add 10% for stain).

Our upholstered lounge furniture meets the Federal Government Standard FNAE-80-214. We use fabrics and other upholstery components that meet or exceed California Bulletin 117. Our lounge furniture can be constructed with materials that meet the California Bulletin #133 flammability standards, please contact us for pricing.

Lounge tables are priced with plastic laminate tops and PVC edgebanding. Solid Oak edgebanding is available for a 10% upcharge (WE).
